Announcements

NOVEMBER BOOK REPORTS

The book reports are due on or before this Friday, November 30, 2007. The book reports will be presented orally and parents are invited to attend. We will share the biography book reports at 11:30-12:00 and 12:45-2:00 pm. This is "Dress up as someone famous day" so try to dress up as the person you are doing your book report on. December book reports are coming!

CANDLE AND PIE SALES

Thanks to everyone for making this fundraiser a huge success. Congratulations to the top sellers.

AMERICAN EDUCATION WEEK

Thanks to everyone who participated! What a fun week. Remember, fifth graders graduate from high school in the year 2015.

NEW STUDENT:

Please welcome Kaleigh Nosal to Lakeview. She attended Lakeview in 3rd grade and is now back from Calvert.

BOOK DRIVE FUNDRAISER:

Today is the first day of Lakeview's annual holiday fundraiser. This year Lakeview students and staff are encouraged to donate brand new books to a book drive. The school goal is 307 brand new books by December 14. This number was chosen because that is the number of students at Lakeview. If you can donate one or more books please send them to school with your child and they will be collected in the library each morning.

The Lakeview Leadership Team students are in charge of this fundraiser. Remember their slogan: "Keep a mind alive, Donate to the book drive."

Friendly Fifth-Grade Reminders

NEW WRITING MODE – Our new writing mode is story. All fifth grade students will be making up characters, setting, and plot to create stories. Students will select a genre of their choice and write fun stories. This is a very popular mode of writing and we hope you can encourage your child to use their imagination.

NEW READING THEME – The reading theme "Give it all You've Got" ends this week. Your student is taking the Theme Test all week long. Please help them get to bed early so they can do their best on this test.

SOCIAL STUDIES AND SCIENCE – The second CRT in each subject was given last week. Thank you for studying for this important test. Mrs. Heil/Hauder's students will now switch to Social Studies and Mr. Schwanke's students will go to Science.

MATH – Our new math chapter is all about graphs. Your student is learning how to read and interpret double bar and line graphs. This is a short chapter and after it we will be working on mean, median, mode, and range.

Important Dates

- 11/26-11/30 Theme Test in Reading
